Within the wider objectives of the Home Office and the Police Service, PAG(IT) contributes to the provision of information and communication systems that work for the operational police officer by providing a professional police input.

PAG(IT) has developed and is assisting in the implementation of a National IS/IT strategy for the police service, ensuring a coherent policy based on the requirements of users. PAG(IT) takes a leading role in the formulation of operation requirements for computer and communications systems at National level, it provides continuing liaison during project development to assist in ensuring that the requirements are met. It provides advice support and guidance to forces so that such systems may be implemented in the most effective and efficient ways.

Police National Computer, Hendon Data Centre, Aerodrome Road, Colindale, London NW9 5LN. Tel. 0181-200 plus extension.
